Ramona Challenge 2018

Internet Hunt Challenge

PARTICIPANTS:

Each school may enter one girl for each division – ONE from grades 5 or 6 and ONE from grades 7 or 8 – a total of **two girls** from the school.

FORMAT: Contestants will use an internet search engine (such as Google) to find the answers to a series of questions. Some questions can only be answered successfully in the time limit by using advanced search skills. There will be some photos or graphic images to identify this year as well as text-based questions.

CRITERIA: Winners will be selected based on the number of correct answers completed during the 45 minute time limit.

REQUIREMENTS:

1. Students need to bring a pencil to write down their answers.
2. Only ONE student from each grade division will be allowed to enter the competition.
3. Wikipedia may not be used in this competition.

. . . . . .

Internet Hunt Challenge

Please return this portion of the application to Ramona Convent Secondary School by **April 20, 2018**.

School Name _____

From grade 5 or 6: Name _____ Grade _____
